LCCI PROPERTY AND CONSTRUCTION GROUP – THE VOICE OF LONDON BUSINESS

“The members of LCCI’s Property and Construction Committee possess a wealth of knowledge and experience in this vital sector to the London economy. The committee strives to ensure the conditions are right for the sector’s continued growth and development throughout the capital, whilst addressing pertinent issues that impact on the industry.”

Mark Collins, Chairman, LCCI Property and Construction Group
and Executive Director – Chairman of Residential London, CBRE.

LCCI actively lobby Westminster, City Hall and local authorities across the capital to positively influence policy, legislation and regulation in the interests of our membership. Due to the size of the Group, we have a strong voice in the property and construction sectors. No other organisation represents the interests of the sector from the developer to the decorator and from the agent to the occupier with such a focus on the obstacles that prevents firms from doing business in London.

Our Property and Construction Group is chaired by Mark Collins (Executive Director – Chairman of Residential London, CBRE). We are also delighted to have the support of Tony Pidgley CBE, Chairman, The Berkeley Group Plc and President, LCCI. The Group’s priorities include:

- Meeting London’s housing needs with more affordable homes to rent as well as to own
- Making the most of London’s land by conducting an honest review of the Green Belt
- Supporting small developers into the market place by unlocking smaller sites
- Reinforcing the construction industry by ensuring firms have access to the skills they need
