

CARNET NETWORK CIRCULAR 73

TO: All UK Carnet Issuing Chambers and Branches

SUBJECT: Suspension of ATA operations in Belarus, Russia and Ukraine

DATE: 07 March 2022

Dear colleague,

Due to the ongoing situation in Ukraine and the subsequent introduction of trade sanctions against Belarus and Russia, please note the following:

1. Carnet issuance to Belarus, Russia and Ukraine is suspended until further notice
2. Traders who are already in any of the above countries and unable to re-export their goods before their Carnet expires must apply for a Replacement Carnet
3. Issuing bodies are reminded that the following rules apply to issuance of Replacement Carnets:
 - i) Replacement must be issued before the Original Carnet expires
 - ii) Replacement must be validated by NCU (email: atacarnetunit@hmrc.gov.uk / Telephone: 0300 322 7064)
 - iii) Original and Replacement Carnets must be presented together to the host Customs, before the Original Carnet expires, so that the liability can be transferred from the Original to Replacement Carnet

The above rules are effective immediately.

Yours sincerely,

Davor Antonic-Mckinley
