

PARTNERSHIP OPPORTUNITIES SERVICE

Are you looking for business partners in Europe?

- Do you need distributors for your cosmetics in Germany?
- Are you looking for Chinese joint venture partners to develop new machinery?
- Do you want to offer subcontracting opportunities to IT companies in Serbia?
- Are you offering franchise opportunities to companies in Lithuania?
- Do you want to find commercial agents in Mexico?

These are just a few examples of cooperation requests that you can promote on the partnership opportunities service.

What is the partnership opportunities service?

Through the Enterprise Europe Network (EEN) you can submit your company's profile onto the network's Partnership Opportunities Database. The service is free of charge and is a great way of finding distributors, agents, joint venture partners, reciprocal production partners, subcontracting or outsourcing opportunities and many more.

How does it work?

The service is very simple. All you need to do is fill in our quick and easy profile submission form.

What do I get for it?

Once you have submitted your company profile onto the database, your profile will be available across the whole Enterprise Europe Network. We can actively promote your company's profile and encourage our EEN colleagues to promote your cooperation requests in their own publications. In addition, we can carry out profile searches according to your own needs, sector and country. You can download the profile search form for free [here](#).

Any Questions?

If you have any questions regarding finding business partners abroad feel free to contact the Enterprise Europe Network team by phone on 020 7489 1992 or by email at enterprise.europe@londonchamber.co.uk
