## WHY DUBAI?

Dubai is one of the world's top business and investment locations, and its appeal extends beyond its low-tax and open trade credentials. The Emirate has a pro-business environment and advantageous investment policies which encourage foreign ownership of land and stocks. Dubai's quality lifestyle also plays its part in attracting investors. Dubai is a regional hub in close proximity to the significant markets of the Middle East, South Asia and Africa, and attracts both investors and tourists. It is the seventh most popular tourist destination in the world; Dubai International is the third busiest airport in the world for passenger traffic. Furthermore, Dubai's hosting of Expo 2020 will only advance the Emirate further, with \$6.9 billion in infrastructure projects to improve the already world-class infrastructure.
